Dear Dr. Porter:

We have received your application for a **Certificate of Accreditation** under the Clinical Laboratory Improvement Amendments of 1988 (CLIA). The application process takes several weeks to process. This letter will serve as acknowledgment and documentation of your application.

CLIA user fees are based on the annual Test volume/Certificate type on the application. Final fee determination is made by the Centers for Medicare and Medicaid Services (CMS). Certificates will not be mailed until your CLIA user fees have been paid.

Certificate Type: Certificate of Accreditation
CLIA #: 36D2273698

You will receive a billing coupon directly from CMS. This coupon will include your CLIA number. Follow the instructions for submitting your fees exactly as described. Upon payment of this fee, your CLIA Certificate will be effective for a 2 year period of time. Following the receipt and processing of your payment, CMS will mail your CLIA Certificate to the address provided on your CMS-116 application. You may reference your CLIA Certificate for your CLIA number and the effective dates of your CLIA certification.

Laboratories issued a Certificate of Registration or Certificate of Accreditation are required to have an on-site inspection in order to determine that all program requirements are met as required by section 353 of the Public Health Service Act (the PHS Act). The Certificate issued by CMS will allow you to perform testing until the on-site inspection can be completed.

If I can be of further assistance in this matter, you can reach us at CLIA@odh.ohio.gov, call (614)644-1845 or fax (614)564-2478.

Sincerely,

Shannon M. Richey, R.N.
